

Serving the most critical needs,
in the most urgent situations,
when and where they're needed most.

Our employee base is multi-functional, mobile, and globally deployable. Our expertise includes the world-wide rapid deployment to support surge requirements in emergency situations to deliver disaster relief.

Resilient Logistics Services and Solutions (RLS2), a Small Business Administration (SBA)-certified, Service-Disabled Veteran Owned Small Business (SDVOSB), serves Government and Commercial clients with our rapid response and unique expertise in Program Management, Integrated Logistics, and Cybersecurity support. Our company's highly qualified and dedicated staff have over 35 years military and commercial expertise meeting the most critical needs, in the most urgent situations, when and where they're needed most.
